

The Drexel LeBow

# Full-Time MBA

A rigorous, comprehensive program with exceptional hands-on learning opportunities

## The Drexel LeBow MBA

The MBA emphasizes global perspectives and entrepreneurial thinking that are needed to help you succeed in your career path. Hands-on learning opportunities and a required experiential component contribute to a highly valued degree that will launch your career.

Career coaching, a strong academic foundation and a choice in electives will help prepare you for future professional challenges.

## The Full-Time Program

The program is completed in 15 months — 12 months of coursework in a cohort format and a summer term experiential component. Students take three or more daytime classes per term. Optimizing Drexel's 10-week quarters, foundation courses are condensed to five weeks in order to move quickly to the advanced coursework.

## Experiential Learning

The full-time MBA curriculum incorporates an experiential component to apply hands-on learning to the academics. All students will fulfill this requirement through a business consulting course, internship, study abroad, international residency, the new C-Suite Co-op or other opportunities. Applied learning and innovative coursework ensure that you'll have the right experience for future interviews.

## The C-Suite Co-op™

The C-Suite Co-op is a work experience only available in the Drexel LeBow MBA. Imagine access to a position at the top-most levels of management in some of the most notable companies in the country — all while you are still earning your MBA. In the full-time MBA, students compete for a limited number of co-op positions that will have you working side by side with C-level executives. The networking opportunity plus the experience on your resume could change the course of your career.

## Innovative Thinking

Whether you are launching a start-up or a member of a large corporation, innovation is an integral part of success. Through our extensive resources, programs and Drexel's recognized experiential culture, entrepreneurial thinking and innovation management are encouraged and nurtured.

# Full-Time MBA

Cohorted program, predominantly day-time coursework.

## Experiential Component

Drexel places great value on a hands-on learning approach. In addition to applied learning techniques in the classroom, full-time MBA students have a unique opportunity for a summer term experience. There are a variety of options that fulfill this requirement.

## C-Suite Co-op™

Students will work directly with well-known and successful leaders on key projects for a company or organization. The selection of students for coveted positions will be determined through a rigorous interview process where students will vie for coveted positions.

## Cohorted Format

The supportive cohort format allows students to advance through the coursework together as a group. Collective industry experience, knowledge and a collaborative environment enhance the classroom experience.
