The Drexel LeBow Full-Time MBA
A rigorous, comprehensive program with opportunities for exceptional hands-on learning

The Full-Time MBA Program
This program emphasizes the broad perspective on business concepts and brings them to life through applied learning. The hands-on learning opportunities and a required experiential component contribute to a highly valuable degree. The strong academic foundation, elective choices that tailor the program to your interests and our personalized career coaching services will help you find your path to professional success.

This program is completed in 15 months, with 12 months of coursework in a cohorned format during which students take three or more daytime classes per term, and a summer-term experiential component. Optimizing Drexel’s 10-week quarters, you move quickly to the advanced coursework and your concentration area.

Experiential Learning
The Full-Time MBA curriculum incorporates an innovative experiential component where students put academic concepts to work with a hands-on learning experience during their summer term. All students fulfill this requirement through a variety of options including a consulting course, an internship, the C-Suite Co-op or other opportunities. Through LeBow’s Office of Graduate Career Services will provide invaluable support and advice in selecting the right experiential component for their career goals.

The C-Suite Co-op™
This opportunity is only available in Drexel LeBow’s Full-Time MBA program. Students who land C-Suite Co-op positions work with top-level managers on key strategic initiatives in some very notable companies. Students in the Full-Time program compete for a limited number of co-op positions. After an intensive career-exploration process is completed alongside a career coach, students complete a rigorous application and interview process – ultimately leading to candidate selection for these coveted C-Suite Co-op positions. They provide great networking opportunities, an incredible addition to students’ resumes, and may even lead to offers for full-time employment.

Your Business Lab
This is where you come to test uncharted waters and fuel the evolution of business. Whether your dream is to start a company or land a position at a large corporation, innovation is an integral part of success. Through our extensive resources, programs and Drexel’s recognized experiential culture, entrepreneurial thinking and innovation management are encouraged and nurtured. The potential to explore new career paths also makes this program ideal for career changers.

Office of Graduate Admissions MBA@DREXEL.EDU or 215.895.6804
Full-Time MBA
Cohorted program, predominantly day-time coursework.

Cohorted Format
The supportive cohort format allows students to advance through the coursework together as a group. Collective industry experience, knowledge and a collaborative environment enhance the classroom experience.

Experiential Component
Drexel places great value on a hands-on learning approach. In addition to applied learning techniques in the classroom learned during the first nine-months of classwork, full-time MBA students have a unique opportunity for a summer term practical experience.

Average work experience: 5 years
Average age: 28
