

# ACCOUNTING

Accounting provides the critical information that guides decision-making at all levels of business. Drexel LeBow's accounting coursework integrates accounting, auditing, tax preparation and related topics and is designed to provide basic business and conceptual field-specific knowledge for careers in accounting and taxation.

## DEGREE OPTIONS

- BS in Business Administration — Major in Accounting
- BS in Business Administration/MBA
- Minor in Accounting

## COURSEWORK

- Financial Reporting I, II and III
- Advanced Accounting
- Cost Accounting
- Principles of Auditing
- Individual Income Taxes
- Business Income Taxes
- Internal Auditing
- Accounting for New Ventures

## CAREER OUTLOOK

Graduates with a degree in accounting find careers in public accounting, private industry, government and non-profit organizations. Many accounting students also choose to continue their studies in graduate school, pursuing an MBA, MS in Accounting or PhD, or completing their Certified Public Accountant (CPA) or Certified Managerial Accounting (CMA) examination. LeBow's accounting major meets the educational requirements needed in most states in order to sit for CPA and CMA exams.
