EXECUTIVE MBA

Our EMBA program is designed for busy executives, senior-level managers and entrepreneurs seeking an immersive, globally focused business education to take their careers and organizations to greater heights.

- Accelerated, but not abbreviated, 16-month program
- Hybrid delivery
- In-person residencies twice per term
- Cohort structure builds relationships and networks

*Synchronous: Requires students to attend live online classes.

**Asynchronous: Allows students to complete coursework online at their own pace within the course schedule.

#In concentrations designated as Science, Technology, Engineering or Math (STEM), students with F-1 visas can apply for a 24-month OPT extension (beyond the standard 12 months) if they meet noted criteria. STEM designation applies to students enrolled in the programs in fall 2023 or later.

Why Choose the Drexel LeBow MBA?

ENHANCE YOUR MARKETABILITY

An MBA shows current or potential employers that you are dedicated to growing as a manager and as a person through a commitment to learning and development.

DEVELOP A STRONG, HOLISTIC SENSE OF HOW BUSINESS OPERATES

Set yourself apart from coworkers or job applicants who have devoted their bachelor's or master's education to a solitary focus, rather than an interdisciplinary view needed to drive change within organizations.

PREPARE FOR LEADERSHIP

The Lawrie Advanced Global Leadership program prepares MBA students to assume leadership positions as early as possible in their careers through C-suite integration, unique curricula and dynamic programming.

IMPACT YOUR LIFE BEYOND WORK

Our degree helps you become a stronger strategic thinker, build self-discipline skills and confidence, broaden your communication abilities and more.

EARN AN AACSB-ACCREDITED DEGREE

It provides a competitive advantage, internally or when applying for a job, when your MBA is from a highly respected school such as Drexel.

GAIN REAL-WORLD EXPERIENCE

The experiential learning component that has been a hallmark of Drexel University for more than 100 years is built into the MBA program, whether you choose an internship, an international residency or a variety of other experiential learning courses required as part of your degree.

Career Impact

SALARY

According to a survey through mba.com, in 2021 the average salary for those with an MBA was between 20 and 40 percent higher than graduates with a bachelor's degree.

LEADERSHIP

Rather than focusing on one facet of business operations, our MBA takes an all-encompassing approach that gives you the macro view to bring all the pieces together across teams and the entire organization.

MANAGEMENT

Core courses in the MBA program provide of-the-moment insights that will prepare you to be a better manager, negotiator, mentor and more.
