DREXEL LEBOW EXECUTIVE MBA

In a world that demands change, the future doesn't start tomorrow — it's here now. Today, leaders need to be and do more than ever before, and the enhanced hybrid Executive MBA (EMBA) at Drexel University's AACSB-accredited LeBow College of Business prepares driven and determined leaders, entrepreneurs and executives to transform their organizations and communities.

Drexel LeBow's accelerated — but not abbreviated — 16-month EMBA program spans three calendar years, and it addresses the changing needs of industry and our students through an evolved program and format. The program offers an immersive curriculum that is designed to reduce time away from students' work and personal lives while maximizing their impact and expanding their networks.

EMBA HIGHLIGHTS

Each term has a theme, such as Global Impact and Managing the Value Chain, to enhance connections among the program's integrated content across disciplines

Courses provide of-the-moment insights and cover cutting-edge topics, such as analytical storytelling, leading strategic change and more

Cohorted structure and events provide networking opportunities with classmates, Executive DBA students, alumni & industry partners

PROGRAM DELIVERY

Refined 16-month hybrid curriculum

Two experiential residencies per term (*six terms*)

Five elective credits

Four online asynchronous courses

**Dates and courses subject to change*

PROGRAM START

Every Spring
(*Early Action*)

Every Fall
