

MASTER OF HEALTH ADMINISTRATION

Rosa Monterrosa
Master of Health
Administration Alum

Drexel University's online Master of Health Administration program is designed for both recent graduates and experienced health care professionals seeking to:

- Explore three core areas of health management – advanced leadership, strategy and policy
- Learn epidemiology and biostatistics, health care ethics and law, strategic planning in health care, organizational management and health policy
- Apply a community focus, financial skills, analytical thinking and strategic orientation
- Learn from the best: Faculty, who are highly experienced health administration professionals

PROGRAM AT A GLANCE

- Quarter Credits: 45 credits
- 2 to 3 years of curriculum
- Applied Management Project allows students to collaborate in a real-life business scenario (requires five days on-site at Drexel)

ADMISSIONS REQUIREMENTS

- Bachelor's degree from a regionally accredited institution
- A GPA of 3.0. Those with a GPA lower than 3.0 are encouraged to apply but should in their personal statement highlight relevant work experience, professional certifications and/or continuing education that demonstrate academic excellence.

25-30% new student partner tuition savings for military, alumni, and employees or members of Drexel Online partner organizations

Curriculum based on the National Center for Healthcare Leadership competency model, the leading framework used by top health systems to develop executives

Outstanding support services: 24/7 tech support, online access to award-winning W.W. Hagerty Library, Writing Center and more
