Drexel LeBow's BSBA in Management is designed to provide students with a strong foundation in strategic thinking, leadership, innovation and communication. In this program, you'll gain the skills needed to lead teams, solve organizational challenges and drive innovation in dynamic business environments. Through a combination of analytical rigor and experience-based learning, you'll learn to approach business challenges creatively, communicate persuasively and inspire others to achieve shared strategic goals.

Degree Options

- BS in Business Administration — Major in Management
- Minor in Management

Coursework Examples

- Strategic Insights
- Leadership: Theory and Practice
- Negotiations and Conflict Resolution
- Team Development and Leadership
- Technology Management
- Mission-Driven Innovation
- Any Two Business Courses as Cross-Disciplinary Electives

Career Outlook

A business degree with a major in management will prepare you to lead people, projects and organizations across nearly every industry. You'll graduate with the strategic perspective, leadership skills and practical experience to help organizations solve problems, manage change and pursue new opportunities. Pursue careers in business advisory services, client relationship management, strategic and people analytics, and more.
